

Knowledge & Technology Transfer NRP 70 / 71

Kick off-Meeting «PV 2050», 13 Januar 2015

Energy Turnaround
National Research Programme NRP 70

Managing energy consumption
National Research Programme NRP 71

Context NRP 70 / 71

NRP 70 and 71 support government and industry in implementing the ES 2050

Both NRP focus on existing research potentials and generate new knowledge

NRP 70 and NRP 71 are based on a transdisciplinary approach → exchange and transfer are essential

NRP 70 and NRP 71 collaborate closely

Knowledge & Technology Transfer (KTT)

Goals KTT

What you have to do

Whenever you have questions or ideas / proposals for communicational and KTT activities,

take your phone and contact us:

Andrea Leu andrea.leu@senarclens.com

Theres Paulsen theres.paulsen@scnat.ch

Vérène Gaillard verene.gaillard@crkom.ch

Stakeholders KTT

Research Teams

Industry

Politics & Administration

Society in general

Strategy KTT

Exchange, exchange, exchange

Perceptibility

Personalisation

KTT Activities 2015

Participation of KTT team in kick-offs of research projects

Roadmap:

- Stakeholder analysis of all projects
- Definition KTT potentials
- Matching & Clustering

Site Visits (Sept.-Dec. 2015, KTT+ Scientific)
